A CASE OF POISONING IN McLEAN CO, ILLINOIS

A SUIT OF LIBEL BROUGHT AGAINST THE CHICAGO TIMES

WASHINGTON, Aug 14

Attorney General Stanberry now at Cape Spitz is in poor health and will not return to this city for two or three weeks

NEW YORK Aug 14

Orders are issued from the Postoffice Department nearly every day for the re opening of Post offices in the Southern States and in some instances new offices have been established to meet the increasing demands for postal service in that section The Postmaster General has appointed John H Kinkade Postmaster at Sitka, Russian America.

The Herald has the following

BERLIN July 31

The remains of Gen Weldt leave here to day and will be conveyed to New York by the steamer Harmonia from Hamburg Mrs Wright and children will accompany the body

Mexican advices, via Havana, state that Juarez has ordered Santa Anna to be tried according to the law of January, 1862, by which Maximilian was tried and under which the identification of a prisoner is sufficient evidence for a conviction Margner was taken prisoner at his hacienda at Parnisdoz, and was on his way to the capital

Among the list of condemned officers is Salm Salm whose wife is still in the country trying she is said, to save his life It is again reported that Attorney Genl Stanbery has resigned to take the place of Minister Plenipotentiary to Mexico

Congress is to be convened in November, and the Presidential election will take place in December

Santa Anna's son in his protest to Secretary Seward against the seizure of his father at Nuevo Laredo, intimates that the Washington Government must have been in complicity with the Liberals who arrested him

WASHINGTON Aug 15

General Steedman arrived here to day from New Orleans His name continues to be mentioned in connection with the vacancy in the War Department but the President has made no tender of it to any one and it is quite probable that General Grant will continue to act until the meeting of Congress

The President contemplates making a sea voyage as soon as public duties will permit and will include Newport in his trip

The Washington Intelligencer of yesterday contains a long card from J H Bradley detailing the occurrences between himself and Judge Fisher and leaving the settlement of affairs in the hands of his legal friends

The Times' points a series of documents going to show the complicity of Ben Wood A J Rogers, C A Eldridge, and F C Leblond with Conover in an effort of the latter to obtain pardon from the President, also affidavits of Nathan Ansell and James E Matterson detailing an interview with Roger A Pryor, Dick Taylor, Ben Wood and Conover relative to manufacturing evidence against Judge Holt Other affidavits of John Martin and Francis McFall also testify to a similar interview The plan appears to have been to include the release of Jeff Davis on bail or parole, and the affidavits are certified to before a notary public in New York city under dates of March 27th and May 19th

A Knoxville dispatch to the Times states an encounter occurred between Congressman Maynard and Colonel Williams yesterday, but were parted by friends

NEW YORK, Aug 15

Southern dispatches of yesterday report heavy rains

MONTREAL, Aug 14

Rev Mr Bagley is here endeavoring to get Jeff Davis to sign a petition to the President for pardon Davis declined to receive him or to discuss the subject

NEW YORK Aug 14

The Tribune's Washington special says The investigations of the Congress Committee in relation to the transfer by our Government of the railroads in the South seized during the war, have been published Mr Johnson is not implicated pecuniarily in any of the transfers A Mr Burns, President of a Tennessee road offered Mr Johnson then Military Governor a large interest in his road for his supposed influence, but the Governor got angry and declined it His son in law, Senator Patterson received $75 000 for his influence

WASHINGTON Aug 15

Major Richards, superintendent Metropolitan Police made affidavit that Joseph H Bradley Sr had challenged Judge Fisher, in violation of an anti dueling law passed by Congress Oct 30 1862 Mr Bradley was consequently arrested to day and brought before Justice Miller and gave bail in $2 000 to appear at the next term of the Criminal Court for trial

ST LOUIS, Aug 15

An Omaha dispatch says that information has been received at military headquarters that on the 3d inst five miles from Fort Phil Kearney, an ox train, of thirty wagons transporting supplies and escorted by Major Powell with a small force of infantry, were attacked by from 400 to 500 Indians A desperate fight ensued lasting three hours, when Major Smith came to the rescue from the fort and the Indians retreated, taking away all their dead but five, driving off all the stock Major Powell reports sixty Indians killed His own loss is one lieutenant and five men He attributes his successful defence to the long range new breech loading arms

The Indians continue along the line of the Union Pacific Railroad Only day trains are allowed to run

Gen Granger and Superintendent Denman say that Turkey Foot chief of the Cheyennes is alone guilty of the Plum Creek massacre and is now camped ninety miles south of Platte river

INDIANAPOLIS Aug 15

McMinaway, the murderer of Mr Johns telegraph operator at Gosport last spring, has been convicted and sentenced to State Prison for life

A telegram has been received from Atchinson announcing the Peace Commissioners now on their way to Upper Missouri are all in good health

The Commissioner General of the Land Office has received information of the sale of 21 988 acres public lands during July at Nebraska City Greenleaf, Minnesota, and Dakota City

NEW YORK, Aug 15

The Turkish Ambassador arrived on the Periere

The French frigate Themis celebrated the birthday of Napoleon on the 1st Salutes were fired at sunrise, noon and sunset The forts in the harbor returned the noon salute

In the Supreme Court to day, Roger A Pryor made a deposition denying any knowledge of complicity in the matters contained in the affidavits published in the Times this morning, relating to the Conover conspiracy

Ben Wood's paper the Evening News denounces the statements of Pryor concerned as to perjury, and says he will take immediate steps to cause the arrest of the signers, and prosecute them for perjury

The Supreme Council of the Templars of Honor and Temperance, now in session in this city, have decided to hold their next annual convention in Philadelphia, in August, 1868

BUFFALO, Aug 15.

Bonner paid $50 000 for DEXTER

NEW YORK Aug 15

Eighteen missionaries from Arabia and Turkey sail on the steamer Denmark on the 24th inst One of them will establish a type foundry at Beyrout Another has raised $50,000 in this country for the establishment of a Bible House at Constantinople

WASHINGTON, Aug 15

A letter from Admiral Farragut to the Secretary of the Navy gives an account of the visit of Eugenie to the Franklin, having received an invitation to dine with Napoleon the same day Farragut was not aboard, but all honors were paid by the Franklin and the rest of the squadron The ship was dressed in colors, the yards manned, the crews cheered and a national salute was fired Captains Pennock and Leroy, by invitation, subsequently dined with the Empress on the royal yacht. All the ships united with the French vessels in a grand illumination The Canandaigua and Frolic would accompany the Franklin to Cronstadt The Ticonderoga was in dock and would follow in a few days

The Pacific Mail Company tendered the hospitalities of their steamer to San Francisco to the Russian Commissioners for their transfer to the Northwest territory

Our Consul at Vera Cruz writes, to Secretary Seward, August 1st, that Santa Anna, Colonels Vidal and Rivas had been brought there

CHICAGO, Aug 15.

A case of poisoning occurred in Martin town ship McLean county, on Friday last, resulting in the death of the three children of Mr Hurt. Four other children, poisoned at the same time, were living at last accounts Suspicion rests upon a married daughter of Mr Hurt and a brother of her husband, who are under arrest.

W A Goodrich, who caused the arrest of several members of the Board of Trade a few days since, for short selling, has brought a suit against the Chicago Times for libel Damages laid at $50,000

## FINANCIAL AND COMMERCIAL

### PETROLEUM MARKETS.

OFFICE OF THE MORNING HERALD, TITUSVILLE August 15, 1867—10 P M

The Petroleum market was inactive to day, the aggregate of transactions having been less than on any previous day for some time past Above Petroleum Centre there was but very little demand at the ruling prices and the buyers, with the exception of a limited number who are holding for stronger bids Oil On the other hand there was but little disposition to sell, as the producers generally can carry a much larger quantity than they now have on hand The freight charges are without material change At Oil City the market is reported firm with offerings at $3 00 The inquiry to day was slight The market closed heavy The sales were 100 barrels on Hall Run, by the land interest of the Earel Farm, for storage, 45 gallons to the barrel, at $1 00 at the wells 1,000 barrels on the McClintock Farm, by the Central Petroleum Co, for the Cleveland market, at $3 15 delivered on the cars 600 barrels on the Thomas Wood Farm by the working interest, for the Cleveland market, on private terms; 100 barrels on the Hyde & Egbert Farm, for the local market, at $3 00 at the wells

We quote

| | |
|---|---|
| Crude at Pioneer delivered on the cars, 45 gr | $3 00@3 15 |
| Crude at Miller, delivered on the cars, 47 gr | $3 00@3 25 |
| Crude at Petroleum Center above 45 gr | $3 00@3 15 |
| Crude at Titusville, under 45 gr | 3 40 |
| Crude at Church Run at the wells, 45 gr or under | 3 25 |
| Refined in Bond, | 24 |
| Refined Free, | 43 |
| Refined Coal barrels | 4 00@4 50 |

STEVENS HOUSE,

21, 23, 25 and 27 Broadway, N. Y.

Opposite Bowling Green,

ON THE EUROPEAN PLAN

The STEVENS HOUSE is well and widely known to the traveling public. The location is especially desirable to merchants and business men, it is in the proximity to the business part of the city—is in the highway of Southern and Western travel—and in close connection with all the principle Railroad and Steamboat Offices. The STEVENS HOUSE has liberal accommodation for over 500 guests—it is well furnished and papered throughout, has every modern improvement for the comfort and convenience of its inmates. The rooms are spacious and well ventilated—provided with gas and water—attendance is prompt and respectful—and the table is generously provided with every delicacy of the season—at moderate rates. The rooms having been refurnished and remodeled, we are enabled to offer facilities for the comfort and pleasure of our guests.

### New Advertisements To-Day.

City Liabilities,
Bay Mare stolen—Warren Leiter.
House and Lot wanted—W. De Blair.
For Sale—Pierce & Clark.
Gold Spectacles found—Herald Office.
Flour twelve—G. C. McEowen.
Important to Farmers—G. C. McEowen.
List of Letters—J. R. Barber, P. M.

### Varieties.

—A meeting of the Degree Temple, I. O. G. T. will be held this evening.

—The Meadville Fire Department is to have a grand parade and inspection September 10th.

—Bishop Simpson will lecture in Meadville, under the auspices of the Normal Academy of Music on Thursday evening, August 22.

—It is reported that the Pennsylvania Central Railroad Company have purchased the Farmers' Railroad.

—A Sabbath School picnic was held at Gilson Ridge yesterday, and was very numerously attended from the neighborhood, Brown's Cornet Band furnished the music.

—The applications in bankruptcy are less numerous than lawyers expected. The reason assigned is that the amounts required are so searching that comparatively few debtors can make them.

—A lady named Hall, residing in Pithole, attempted to commit suicide on Sunday night last, by taking morphine. Jealousy was the sole cause of her rash attempt. A powerful emetic administered by the physicians called saved her from death.

—In the Buffalo races on Wednesday Dexter made the unparalelled time of 2:17¼, being the fastest harness time ever made. At the conclusion of the race, Robert Bonner, proprietor of the New York *Ledger*, bought Dexter of Mr. Fawcet for over thirty thousand dollars. Precise figures not stated. Bonner gave Doble, his driver, one hundred dollars for making the time.

—The statistics of the police of Buffalo show that crime and disorder prevail in that city to a degree without a parallel. During the quarter ending August 1st, there were 3,240 persons arrested, of which 2,431 were males and 809 were females. For a city of less than one hundred thousand people, this is a frightful list of offenders.

### Where the "Unadilla Bank" Funds were Sunk.

The debts of Watson & Hays, the Unadilla (New York) bank defaulters, amount to three hundred and eighty-five thousand two hundred and forty one dollars, and their available assets to forty-six thousand eight hundred and ninety-seven. The difference between these amounts is quite striking, especially to the victims of the bank's failure. A meeting of the creditors was held at Unadilla on the 9th inst, and a committee was appointed to take such measures as may be necessary to put the defaulters into bankruptcy, and to employ counsel for the further prosecution of the parties, if the developments seem to warrant it. It appears that the difference between the assets and the indebtedness of Watson & Hays was invested in Pennsylvania oil lands, Western speculations, Nevada silver mining property, mining stocks, and other "wild cat" properties; but many of the victims believe that the defaulters have put away a large portion, at least, of the missing funds, for their future support, and hence the appointment of the committee mentioned, whose duty it is to probe this business to the bottom, and learn whether such is the fact, and if so, where the concealed treasure is. The probability is that those who, in different places, are seeking for the cash buried by Lafitte or Kidd, will find what they are after before the Unadilla committee will discover the funds for which they have been appointed to search.

IT IS pleasant to observe the continued tendency of Northern capital and enterprise to aid in developing the resources of the South. Our farmers are buying or leasing land there, our mechanics are starting or reopening workshops, our capitalists are helping to rebuild canals and railways, drain swamps, cut roads, found schools and perform manifold good works of practical reconstruction.

For example, a Richmond editor says he has "received a letter from a German gentleman in New York, who states that he will be in Richmond in a few days, for the purpose of making arrangements to open a large manufactory of woollen and cotton hosiery. It is his purpose to employ five or six hundred girls in the business, and he desires to obtain information as to eligible sites, water-power, &c."

The editor infers from the letter that the plan is a modification of the joint stock co-operative labor companies, which have been so successfully tried in the North and Northwest.

SWEET potatoes, Jersey watermelons, plums, peaches, Siberian crab apples, tomatoes, pears, cooking apples, beets, potatoes, lemons, &c., received daily at I. Shunk's, opposite the Bush House. Tomatoes fifteen to twenty cents per dozen. Also nice and fresh whitefish received daily.

### Pennsylvania State Quarries.

The slate region of Pennsylvania has lately been surveyed and examined by an experienced engineer, who also prepared a geological map of it. It contains two slate strata, the southern of which begins in Northampton county, at the Lehigh River, near Siegfried's Bridge Station, two miles from which it strikes surface at the Union Quarry, now in possession of Mr. G. T. Henninger. This quarry will soon be worked on a large scale, by a company now forming for that purpose. The strata then passes through Bushkill and Plainfield townships, with the Monocassey and Kellear Quarries opened, two miles from Bath Railroad, the quarry of Mr. Chapman at the Bath Railroad, and the United States tract, two miles from the Belvidere and Delaware Railroad, which is the largest and most promising tract; thence the strata crosses the Delaware River, and passes into New Jersey, where it changes into a formation of limestone.

The second northern strata begins in Heidelberg township, Lehigh county, strikes along Front Creek, and passes Slatington, in Lehigh township, where the Franklin and Hilburn Quarries are considered the largest. This strata ends in the Blue Mountains. Though much larger than the southern strata, it will never equal it, because in the former there is considerable more top, and the cost of raising, therefore, more expensive.

There are about twelve quarries in Pennsylvania, only a few of which deserve that name, the others being opened and worked on a small scale, and in a very poor manner only. Their production in 1865 was 60,000 squares (a square is ten square feet); in 1866, 90,000 squares, and will this year reach a still higher figure, while the demand exceeds five times the present power of supply. The total consumption of roofing slate in the United States was, in 1866, 250,000 squares.

KEROSENE LAMP TRADE—NEW AND EXTENSIVE MANUFACTORY IN BUFFALO.—The discovery and introduction of petroleum developed a new and important line of manufacture, viz: kerosene lamps, which have now superseded every other variety, and are in universal demand. Foremost among those who adopted the trade as a specialty was Mr. S. B. Dewey, Jr., of Rochester, New York, whose business, from comparatively small beginnings, has expanded in the course of a few years to the most extensive wholesale proportions, effecting connections with all parts of the Western States and Canadas, and supplying one of the most important branches of trade in the country. The Rochester papers now announce that Mr. Dewey is about extending the base of his operations by establishing a new concern in Buffalo, which is to be carried on under his personal supervision. It is his purpose to confine his attention entirely to the kerosene lamp trade, with which he is thoroughly acquainted, having had many years experience in every department of it. He intends manufacturing every description of lamps, such as chandeliers, hall lamps, parlor and house lamps of all kinds; boat lamps, station lamps, signal lamps and hand lanterns, including chimneys of all patterns, wicking of every variety, glass covers, lantern globes, paper shades, glass shades, lamp shears, &c., &c. At his main depot in Buffalo, he purposes doing a strictly wholesale business, and having unsurpassed facilities for purchasing goods and manufacturing on a large scale, he will be enabled to supply the trade at the west and elsewhere on more favorable terms, he is confident, than can be obtained at any other point. His will be the only manufacturing establishment this side of New York City, and Western dealers can be supplied there on more satisfactory terms than by going East, and can thus avoid several hundred miles of unnecessary travel and the expense attending the same.

The Rochester establishment is not to change hands or be abandoned, but will still be owned by Mr. Dewey, and remain under his general supervision. Its business will be fostered and increased under the immediate control of Mr. Wesley Myers, and customers will be supplied on more liberal terms than ever, from the fact of its having become a branch of a large manufacturing wholesale concern.

We take pleasure in directing the attention of lamp dealers in the oil region to Mr. Dewey's enterprise, and from long personal acquaintance with him can unhesitatingly endorse his professional promptness and reliability. We believe the facilities which he has now secured for extending his business operations will enable him to fill orders of any description upon more advantageous terms than any competing house.

THE CANADIAN GOLD MINES.—We have been handed a copy of the Belleville (C. W.) *Intelligencer* of August 9th, which contains some paragraphs of interest concerning the Richardson mine. It is evident that the excitement attending the oil developments of this region, a few years ago, is to be renewed in the Canadian provinces over these famous gold deposits. Such announcements as the following will inevitably increase the immigration of greedy speculators to that region, all hasting to enrich themselves over actual discoveries, or by preying upon the credulity of the unsophisticated multitude. The *Intelligencer* says:

Mr. Glass was out to the Richardson mine on Friday, and while there a blast was made in some overhanging rock about fourteen feet from the surface, which detached some two tons of rock. Of this rock he brought in six or eight pieces, varying in weight from three to forty-eight pounds, all full of the precious metal. Turn the rocks which way you will, you see gold. It fills the crevices and pockets, it fringes the corners and edges, ragged and rough, pure and molten; it covers the surface of the hard dolomite, and in fact whichever way you turn the rock gold is plainly visible. It brings to one's memory the fairy tales of the Arabian Nights, we used to read of in our boyhood days.

We were shown the certificate of an assay made a few days since by Mr. Bullock, of Jersey City, of some quartz which was taken from the Eureka mine. This mine is located on lot No 3, in the first concession of Elzevir, and is owned by E Davis & Co., of Belleville. Twenty-six pounds of quartz assayed, yielded 16¾ grains of gold, which would be at the rate of $55.83 to the ton. The opinion is gaining ground that the Hastings Gold District will turn out to be one of the richest mineral countries in the world.

McEOWEN'S STORE, PIONEER CITY.—On a visit down the creek the other day, we chanced into the establishment of our old friend G. C. McEowen, at Pioneer City, and were surprised at the immense stock of oats, feed, flour and provisions he had in store, and from appearances we should judge he was doing the largest business in his line on the creek. He is, as he informed us, buying and selling strictly *for cash*, and believes in small profits and large sales. Any one in want of goods in his line, we are confident will buy them of him at the lowest prices and get a good article.

THE publication of a letter in the New York *Herald* last Saturday, on "The New Crisis," purporting to have been written by ex Senator Harris, created quite a sensation in political circles until it was discovered that the name Ira E. Harris was signed to it, when the fraud was readily discerned. Senator Harris has no middle name, had no sons killed in the service, and does not contemplate moving to Alabama, and it is well known that he does not entertain the political views expressed in the letter. The hoax was too palpable for even the columns of the *Herald*.

THE PLACE to get violin and guitar strings, blank music paper, sheet music, violin bridges, keys, &c., is at Keier's Variety Store, 225 Spring street. Great reduction in prices.

### Proceedings of the Common Council—Wednesday Evening, August 14, 1867.

Present—Messrs. Fletcher, Goodwin, Bevan, Abbott, Custer, McCrum and Hobart.

Absent—Mr. Breed.

Minutes of last meeting read, and, on motion, approved.

The following bills for work on streets were ordered paid.

M. Canaly, 3¾ days, $7.50; T. McGinly, 3¾ days, $7.50; H. McGinly, 3¾ days, $7.50; Jas. Corbett, 3¾ days, $7.50; R. Miller, 3¾ days, $7.50; Wm. Lacy, 3¾ days, $7.50; D. Calahan, 3¾ days, $7.50; Enos Beach, 2¼ days, $4.50; Hew McGirl, 3¾ days, $7.50; J. M Cleary, 3¾ days, $7.50, Asa Tobias, ¾ day, $1.87; M. Aral, 3 days, $6.00; Jeff Squiers, 2¾ days, $5.50; W. Brasatt, 2¾ days, $5.50; Pat Gorman, 2¾ days, $5.50; Peter Gorman, 3¾ days with team, $15.00, G. Quin, 3¾ days with team, $15.00; T. Goodwin, 4 days with team, $16.00, G. Hughson ¾ days' work with team, $2.00.

B. Robinson, $3.00, for fixing tools for street use.

John Kane, $4.00, for timber for Martin street bridge.

John Weber, $2.40, for fixing tools for street use.

D. B. Farrington, $5.00, for taking out tree on Pine street.

M. Canly, Jr., $2.80, for 3¾ days' work as water boy.

T. Goodwin, $16.00, for 4 days' superintending street work.

M. Quinland, $4.75, for repairing tools for street use.

Thomas L. Hobart, $27.50, for 1835 feet of oak lumber for street use.

F. H. Eddy & Co., $8.55, for hardware for street purposes.

I. N. Clawson, $2.00, for work on engine No. 1.

Parish & Moore, $16.00, for extra work on gutter and curb.

The bill of Parker, Myers & Co., 17.50, for 900 feet of plank, was, on motion of Mr. Bevan, seconded by Mr. Hobart, referred to the Street Committee.

A communication from A. B. Howland, City Surveyor, recommending the fixing of permanent grade lines upon profile maps, showing the present and prospective grades of all streets under the control of the city, was read, and, on motion of Mr. McCrum, seconded by Mr. Abbott, accepted and ordered placed on file.

Mr. Fletcher, of the Finance Committee, presented a full report of the city finances, which, on motion of Mr. McCrum, seconded by Mr. Custer, was accepted and ordered to be printed and then placed on file.

The affidavit of Hiram Hill and T. E. Curtiss, in relation to the condition of the Church Run road and two small bridges over the same, was read.

On motion of Mr. Abbott, seconded by Mr. Hobart, the condition of the Church Run road and the Oil Creek road was referred to the Street Committee, with power to act immediately.

On motion of Mr. McCrum, seconded by Mr. Abbott, $150.00 was allowed toward the further improvement of Pine street.

On motion of Mr. Bevan, seconded by Mr. Hobart, the water course under Church Run bridge, on Franklin street, was directed to be widened eight feet.

On motion of Mr. Hobart, seconded by Mr. Bevan, the Street Committee was instructed to repair Spring street, from Perry to Monroe, by putting on more gravel if they think necessary.

On motion, Council adjourned.

R. D. FLETCHER, Pres.

J. BYLES, Clerk.

DURYEA'S STARCH AND MALZENA.—For the laundry, no manufacture ever exhibited in the market, has equalled the Satin Gloss Starch, manufactured at Glen Cove, L. I., by the Duryea Starch Manufacturing Company. The Malzena a corn starch for culinary purposes, stands now, as it has for years, unrivalled in excellence and purity. In the manufacture of this latter article only the white corn of the South is used. We have used the Duryea Malzena in our family for several years and believe it to be incomparably the purest article ever offered in market. Pure starch is *perfectly white*. When corn is ground by the starch maker and reduced to a powder, the starch is mingled with the oil of the grain and the glutenous portion of the grain. The skill of the manufacturer then is applied to *entirely separate* these various substances, so as to leave the starch *free*. If this be done the starch is made. The *modus operandi* of separating the starch from the other component parts of the grain is a secret known to but a few. It is *partially* accomplished by hundreds of manufacturers, and impure yellowish starch is thrown into the market in great quantities. The distinguishing feature, both of the Duryea Satin Gloss Starch, and the Duryea Malzena, is that nothing *but starch* is obtained in buying those articles. We add a few words as to the history of this once but little known, but now universally used article:

"There are but few historical notices of starch. Pliny speaks of it as being made in the island of Chios. Nothing more is known of its history until the time of Queen Elizabeth, when it was in use for stiffening the enormous ruffs of that period. In the last century the manufacture attained considerable importance in England, and starch was applied to numerous uses in the arts, in medicine and for purposes of the toilette. In the reigns of Anne and George I, II, and III, the use of any other material, as a substitute for starch in any of its application, was most strictly prohibited under severe penalties. About the close of the century its production was a subject of no little interest.

"In 1796, the Society of Arts awarded a prize medal to Mrs. Gibbs, of Portland, for her discovery of the Arum Maculatum as a fruitful source of it, and the starch thus obtained was afterwards sold as the Portland Arrowroot. The same year Lord William Murray discovered a method of extracting it from horse chestnuts.

"Starch is manufactured in different countries from those vegetable products that yield it most cheaply. In the United States, Indian corn and potatoes are most commonly used. The application of the former to this use was patented by James Coleman in 1841. By this process starch was first made from corn in the United States.

"Starch is sometimes adulterated with chalk, plaster of Paris, terra alba and other argillaceous substances.

"Starch in the United States is chiefly extracted from Indian corn. The word manufacture is hardly admissible as applied to starch, since it is nature that produces and deposits it in perfect whiteness and purity in almost all vegetable substances. Those who are engaged in its so-called manufacture have only the task of separating it from the various discoloring and glutaneous properties that surround it, a task requiring great skill, nice machinery and pure soft water."

WALLACE, in his address to the Democracy of Pennsylvania, sets up a bugaboo in the National debt, which became necessary through the attempt of the Southern wing of the party to break up the Government. The debt, however large it may be, is justly chargeable to the Democracy, and hence this cry of "stop thief" on the part of Wallace. The same tactics were resorted to at every election for the past four years, but without effect. Nobody is scared by this silly cry. But no doubt the Chairman of the Democratic State Central Committee considers it "a good enough Morgan for his campaign."

I. O. G. T.—The following named officers for Lady Washington Lodge I. O. G. T. at Hydetown, were installed on Saturday: W. C. Long, P. W. C. T.; George S. Baker, W. V. T., Henry M. Newton, W. S.; Emily Murray, W. T.; Julia E. Kennedy, W. I. G.; Arthur E. Murray, W. O. G.; S. H. Kennedy, W. C.; Mrs. W. C. Long, W. A. S.; J. G. Murray, W. F. S.; John Newtown, W. M.; Mattie Aiken, W. D. M.; Ella Beebe, W. R. H. S., Anna Baker, W. L. H. S. The Lodge now meets on Tuesday evening.

### Croquet.

The evening was bright with the moon of May,
And the lawn was like a beach hard by;
From my windows I looked to see Croquet.

My mallets and balls the usual display,
The hoops all stood in arch array,
I said to myself, Soon we'll see Croquet.

But the mallets and balls unheeded lay,
And the maid and youth, side by side sat they,
And I said to myself, Is that Croquet?

I saw the scamp—it was as light as day—
Put his arm round her waist in a loving way,
And he squeezed her hand. Was that Croquet?

While the red rover rolled forgotten away,
He whispered all a lover should say,
And he kissed her lips. What a queer Croquet.

Silent they sat 'neath the moon of May,
And I knew by her blushes she said not Nay,
And I thought in my heart, Now that's Croquet.

### Titusville vs. Miller Farm.

The Independent Base Ball Club of this city played a match game of ball, day-before-yesterday afternoon at Miller Farm, with the "Odds & Ends" Base Ball Club. Below we give the score:

RINDERPEST.—A disease, with symptoms similar to, and which is believed to be, the great cattle scourge so lately prevailing in Europe, has made its appearance in Bucks county, Pa. So far it has only affected the cows of two neighborhoods in Solesbury township—three of each having been seized with the disease, and one of each having died. Of the others, one or more, it is thought, will recover. The disease is supposed to have been communicated from a drove of cattle brought from near Philadelphia. If so, this would indicate its existence elsewhere in the State!

FOR about two years it has been a rare thing to hear anything said about oil stocks or oil companies, and our people, generally, and with good reason, too, have come to the conclusion that hereafter they will examine a little more closely before putting their means into an organization of this kind. During the great excitement which prevailed some years since, when oil stocks and oil companies were the main centre of attraction and general theme of conversation, and when fortunes were sometimes made in a day, people were reckless, bought almost anything in the shape of a certificate, providing there was some high sounding name printed on it; and it has since turned out that many of them lost almost everything they had in the world. That there were some meritorious oil companies is conceded; but the great majority of them were almost worthless and, intrinsically, had the truth been known, the stock was not worth the paper it was printed on. Many of those [illegible] of a great number of them having been seized and sold by the Sheriff for a mere song.—*Pittsburgh Gazette.*

### Petroleum.

The statement that during the year 1863, the period of the first great oil fever, 4,000,000 barrels of crude petroleum were produced, shows the immense resources of the Pennsylvania oil regions when actively developed. The present production is much smaller, because so many companies have, from too early discouragement or gross mismanagement, discontinued work. But as soon as the new petroleum-fuel burner takes its place as a recognized steam-generator, and begins to be followed by the improvements which experience will suggest, the market value of the crude article will rise again and the production will receive a new impulse. The *Journal of Mining* thinks that probably the actual cost of petroleum-fuel for the generation of a given amount of steam is, or will be, as great as that of coal or wood; but that the advantages of superior convenience and cleanliness, and the economy of space, time and labor must be the points on which its introduction is recommended. This commends itself as true, but in addition must be reckoned the great advantage of preserving coal for other purposes of fuel and of saving wood, which, with water, is the most important material a new country can possess, for the innumerable constructive and mechanical uses in which it is needed.—*New York Times.*

ACCIDENT.—Last evening at the Driving Park as Mr. S. J. Myers and Mr. Frank Wheeler and other gentlemen were driving round the trotting course, Mr. Myers in turning out of his course was run into by Frank Wheeler, who was following close and rapidly. Mr. Myers' sulky was overturned and flying with every spoke knocked out and Mr. Wheeler's horse thrown on the wreck; fortunately there were no serious bruises and the horse was but a little the worse for his fall.

BASE BALL.—A new club, called the "Live Oak," was organized in this city Tuesday evening last, with the following named officers: John J. Carter, President; L. W. Brown, Vice President; Lauman Chase, Secretary; Robt. Lyman, Treasurer; J. W. Alexander, N. J. Shugert, E. H. Tomlinson, Directors.

### List of Letters

REMAINING UNCLAIMED in the Post Office at Titusville, State of Pennsylvania, on the 15th day of August, 1867.

To obtain any of these letters, the applicant must call for "*advertised letters*," give the date of this list, and pay one cent for advertising.

THE best skeleton which has yet been used in Bradley's Duplex Elliptic Skirt.—*N. Y. Tribune, March* 22, 1867.

Mr. Bradley's Duplex Skirts are perfect in size and shape, as well as grace and flexibility.—*N. Y. Times, March* 21, 1867.

HIGHEST prices paid for old Lead, Brass and Copper at Bryan, Dillingham & Co.'s.

SMITH & HINKLEY keep all kinds of Carpenters' Tools.

"BISMARCK."—The best paper collar in the world, at CARTER'S.

### SPECIAL NOTICES.

F. H. I. C. C. T.—Degree Temple—C. Regular meeting this (Friday) evening. All choice members cordially requested to attend. Initiations at 8 o'clock, p. m. Per order

A. F. HOWLAND, D. Sec'y.

**Notice of Infringement.**—To all whom these letters patent may concern: Bryan, Dillingham & Co., of Titusville, Pa., are hereby appointed sole agents for the manufacture and sale of the Patent Crocker Valve, and have power of attorney to prosecute all or any parties, who are or have been manufacturing, selling, using, or in any way infringing on said patent, secured to me by Letters Patent, bearing date October 11th, 1861.

What I claim is, combining with a piston of a lifting pump, a sustaining valve, when such valve is placed above concentric, and free to play on the rod of the piston, and has its seat in the barrel of the pump substantially and for the purpose specified.

FRED CROCKER.

Those who have or are infringing on the above patent, will save costs by calling at our office and settling for the same at once.

BRYAN, DILLINGHAM & CO.

Titusville, Pa., July 23, 1867. jy26dlf.

Let the Dull Eyes of the Bilious sparkle with hope as they read this paragraph. TARRANT'S EFFERVESCENT SELTZER APERIENT, regulates the flow of the bile and restores the natural action of the bowels. There is nothing like it in biliousness complicated with constipation.

SOLD BY DRUGGISTS EVERYWHERE.

The Annual Meeting of Pennsylvania State Equal Rights' League, will be held in Washington street Presbyterian Church, Reading, Pa., August 14, 1867, at 10 o'clock, a. m. Basis of delegation—One to every 10,000 of population. Associations—One to every 50 members or less. The Pennsylvania Central, Philadelphia & Reading and Cumberland Valley Railroads, remit fare one way to delegates. Address,

WM. NESBITT, Pres't.

2aug1tf 716 Lombard St., Philadelphia.

**Spence's Petroleum Burner.**—I respectfully invite the attention of all persons using coal or wood as fuel, to my new invention bearing the above title, which substitutes petroleum, petroleum tar, or other fluid hydro-carbons to produce heat as a motive power. Its successful operation has been demonstrated beyond cavil, as will be seen by the subjoined testimonials from disinterested parties, well known throughout the oil regions. The following considerations will commend it to general use. First—Its economy. It will save from 50 to 75 per cent. of the ordinary expense of coal or wood. Second—Its perfect safety. There is no possibility of explosion—the fire being prevented from running back to the feeder by the air blow pipe surrounding the same. Third—Its universal application. It can be adapted with equal facility and success to all kinds of portable, stationary and marine boilers, and in locomotives for generating steam, under all kinds of stills, retorts, &c. Fourth—Its labor-saving advantages. After being set in operation, such is the simplicity of the process, that it can be run with perfect uniformity with but little attention. It can be as easily regulated as a kerosene lamp, and with as complete combustion. Without enlarging further, I give the following extract from my "Letters Patent," setting forth my claims to this specific invention:

1st. Providing within the fire-box or furnace, a solid substance or its equivalent, capable of receiving and retaining the required degree of heat for vaporizing petroleum or other fluid hydro-carbons, into gases when brought in contact with the same.

2nd. The within described method of supplying the fuel and oxygen, by discharging petroleum or other fluid hydro-carbons through one or more pipes, having their orifices within blow pipes, or their equivalent, when applied and operated in combination with a heater.

3d. The use of one or more blow-pipes, or their equivalent, for the purpose of supplying oxygen and concentrating the heat, when applied and operated in combination with the heater.

4th. The within described method of resolving and consuming crude petroleum and other hydro-carbons, by impinging one or more currents or jets of the same, upon or against a solid heated substance, or its equivalent, within the fire box or furnace, capable of receiving and retaining such a degree of heat as shall resolve said crude petroleum, or other hydro-carbon into gases.

5th. An apparatus for burning crude petroleum, or other fluid hydro carbons, consisting substantially of a heater, one or more pipes for supplying the fluid hydro carbon, and one or more blow pipes, combined and applied for the purpose herein set forth.

In conclusion, I hereby give notice to the public of my intention to enjoin all parties infringing upon all or singular of the claims above set forth secured by my Letters Patent.

TITUSVILLE, May 20th, 1867.

I am using one of Spence's Patent Burners at my well, No 2, Hall Run and can recommend it to any one on account of simplicity, safety and economy in creating perfect combustion. O. KIBBE.

OFFICE OF THE RENSSELAER OIL CO.,
HEMLOCK RUN, May 10th 1867.

*To whom it may concern:*

We have had in use for the last ten days, one of Spence's Patent Crude Oil Burners at one of our wells, and find we are saving at least one barrel of oil per day over any other arrangement we could or did get up, and deem it a decided success, as far as economy and safety is concerned. We were using, previous to using the Patent Burner, from two to two and one half barrels. N. J. TOMPKINS, Sup't.

EAGLE FARM, May 11, 1867.

Having used Dr. G. O. Spence's Patent Oil Burner for several days on test, I take pleasure in recommending it to all those using crude oil for fuel in boilers, as a perfect consumer of crude oil, producing no smoke and leaving no tar or residuum, and creating an intense heat with at least 25 per cent. less oil than by the customary mode of burning oil in pans. N. H. PAYN.

OFFICE MCELHENY OIL CO.,
FRANKLIN, Pa., May 8, 1867.

*To whom it may concern:*

I have used one of Spence's Patent Oil Burners for the past two weeks, in a 12 horse power Wood, Taber & Morse engine with quite satisfactory results, as regards economy of fuel. When properly handled, sixty gallons of crude oil run said engine twenty-four hours. H. DWIGHT, Agent.

Bryan, Dillingham & Co., of this city, are engaged in manufacturing the above described apparatus, and will inform parties desirous of purchasing the same, of the terms and where agents may be found to set them up. All orders or communications addressed to me, will meet with prompt attention. O. O. SPENCE.

Post Office Box, 92, Titusville, Pa. my23dlf

**Schenck's Seaweed Tonic.**—This medicine invented by Dr. Schenck, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of Seaweed Tonic and three or four boxes of the Mandrake Pills will cure any ordinary case of dyspepsia.

Dr. Schenck makes professional visits to New York Boston, and at his principal Office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days of visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7.50 the half dozen. All letters for advice should be addressed to Dr. Schenck's Principal Office, No. 15, North 6th Street, Philadelphia, Pa.

### All Sorts.

A boat was found in East River a few days since containing a portion of a leg and foot—the legacy, doubtless, of some unfortunate victim of crime.

Marion, Ohio, imposes upon the proprietors of wandering organs and hurdy gurdies a fine of two dollars a day, and, in consequence a Daily paper reports that "curb stone operas do not flourish" there.

A lady complained of the insolence of some coal heavers. "To tell you the truth, madam," answered the employer, apologetically, "we have failed in our efforts to get gentlemen to undertake the business."

The trial of Murrill for ministerial misconduct took place in Plattsburg last week. He confessed to the principal charges against him, with one exception, and was suspended from the ministry until the next meeting of the Troy Conference, to be held in Albany in April, 1868.

One of the convicts in Auburn prison has invented a superior sewing machine, entirely different from any used in the outer world, upon which the prison clothing is made. A knitting machine, also of his make, is turning out stockings for the same prisoners at a rapid rate. He has also made a gun worth $125, and is now at work hinking locks of his own invention for the new cells

Mr. Robbins, who sells chickens in Fulton Market, Brooklyn, tending his stall himself, is worth some two millions He is famous among Brooklynians.

A case of courtship of forty-five years standing is reported at East Lynn, Mass The gentleman has paid his visits on each alternate Sunday evening.

Queen Victoria's book is making a great sensation abroad. We believe no copy has yet reached this country. The papers have made their clippings from English exchanges.

A teacher of vocal music asked an old lady if her grandson had any ear for music? "Wa'all," said the old woman, "I raly don't know; won't you take the candle and see?"

A young lady, Susan Chandler, of Boston, having died, was on Saturday, the 22d ult., composed in her coffin, ready for burial Sunday. Dr Stroinski made an accidental visit to the house, saw the corpse, and announced that Susan was in a fit, and not dead. He proved his statement by bringing her to life, and she is now well.

On the 12th, warrants for the arrest of one hundred and fifty more of the members of the Chicago Board of Trade, for gambling in grain, were taken out by Mr. Goodrich. On 'Change, a resolution was introduced, calling upon the Directors of the Board to take steps against the carrying out of the threatened arrest of the members, in pursuance of which the prosecutor, Goodrich, has in-turn been arrested and held for trial on the charge of false imprisonment.

The safe of the Columbian Hotel, at Saratoga, was carried off bodily by burglars on the night of the 12th. The safe contained only $180, but nothing has since been heard of it.

A man came very near losing his life, at Detroit, on the 12th, by the explosion of a pop bottle; one of the fragments cut his hand badly, and caused a hemorrage of an alarming character.

The notorious gang of horse-thieves, which has been operating extensively in portions of the Reserve south and last of Cleveland, was captured, on Saturday, at Hiram, in Portage county, Ohio.

The construction of the Elevated Railway has been commenced in Greenwich street, New York, and the public will probably have an opportunity of witnessing the working of cars on the lower end of the route in about four or five week's time. The motive power will be obtained from stationary engines, erected at the distance of half a mile apart. The cars will be drawn over the rails by means of a rope passing over a drum and attached to the car.

### Circular to the Charitable and Appeal in Behalf of Distressed Friends.

*Date et dabitur vobis.*

TITUSVILLE, CRAWFORD CO., PA., May 15th, 1867.

The Rev. Napoleon Mignault, pastor of St. Titus' Church of this city, would respectfully submit the following brief statement to the kind public, which should prompt a few thousands to do all in their power to come to the rescue, viz:

Some three years ago, when plenty, success and prosperity dwelled in and blessed these oil regions, a much needed church, presbytery and school house were, with the authorization of our Right Reverend Bishop, hastily built and completed. The heavy debt of twelve thousand ($12,000) dollars was incurred by it, hoping to soon liquidate it, as everything indicated a lasting prosperity. But to his great regret, hard times destroyed his plans and hopes After much labor, and the incessant toil of two years, he finds himself entirely unable to pay off the heavy indebtedness. He has tried all available means at home—concerts, donations, collections, lectures, &c.,—taxed his parishioners to their utmost ability, surrendered, to a great extent, his own personal resources, failed after all in accomplishing his object, and is driven to the necessity of having resource to a grand gift concert and fair, at which over ten thousand ($10,000) dollars worth of prizes shall be distributed, some of the prizes being worth as much as $500. A list of some of the prizes can be seen on the back of the ticket. Please notice that only 15,000 tickets shall be issued at one dollar a ticket.

When all this is considered, the Rev N. Mignault feels that this application to purchase tickets entitling to a gift at the fair will not be made in vain nor considered intrusive. Send one dollar to his address, which will entitle you to a ticket to the fair and to a prize. A partial list of prizes can be seen on the back of the ticket

As to the matter of lotteries or anything of that character, the Rev N. M. is as much opposed to them as any other Christian; As is no such scheme, or the ecclesiastical authorities would not have given their kind approbation, which may be seen below Let prompt attention be given to the matter; let the money be forwarded to the Rev. NAP. MIGNAULT, Titusville, Postoffice drawer 1,265, in Postoffice orders, so that the Fair may take place about ninety days from date. Remember, only 15,000 tickets, at one dollar each, entitling the holder to a *free* admittance and a prize, some at which are worth $500.

APPROBATION OF THE ADMINISTRATOR.—This is to certify, that Rev. Napoleon Mignault, pastor of St Titus' church, Titusville, Pa., proposes to pay the heavy debts on his church and parsonage and convent by getting up a Grand Gift Concert and Fair; indeed, he must have recourse to some means of this kind, otherwise the generous Catholics of Titusville, who have already been overtaxed in consequence of the large improvements made, will not be able to pay off their debts. I approve of the zeal that dictates the enterprise.

[L. S.] JOHN D. COADY, Administrator.

TO ALL WHOM IT MAY CONCERN.—I, the undersigned, Pastor of St. Titus' church, Titusville, Pa., do hereby certify that the proceeds of our Grand Fair and Gift Distribution, to take place in this city, shall be appropriated to the exclusive charitable object of liquidating the many debts of our church, parsonage and convent—Fair to take place in about ninety days.

Witness my hand and seal of our church.

NAP. MIGNAULT.

Local AGENTS WANTED throughout the U. S.

The Association have appointed as Receivers, Messrs. GEORGE A. COOKE & CO., whose well known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.

PHILADELPHIA, PA., May 20, 1867.

*To the Officers and Members of the Washington Library Co., N. S READ, Secretary.*

Gentlemen—On receipt of your favor of the 15th inst, notifying us of our appointment as Receiver of your Company, we took the liberty to submit a copy of your Charter, with a plan of your enterprise, to the highest legal authority of the State, and having received his favorable opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust, and to use our best efforts to promote so worthy an object.

Respectfully, yours, &c.,
GEO. A. COOKE & CO.

Address all letters and orders to

TO OIL MEN.

THE ROBERTS

Petroleum Torpedo

COMPANY.

WM S. FOGG.....President, New York
GILBERT DEAN.....Counsel, "
W. E. ROBERTS.....Secretary, "
G. TITUS.....Treasurer.

Office, 47 Bond-St., New York

COL. E. A. L. ROBERTS,

General Superintendent, Titusville, Pennsylvania

OFFICE AT THE RED PLANING MILL

Heretofore, we have in our circulars, alluded to a series of experiments being made with Nitro Glycerine and other explosives. We now announce that we have succeeded, even beyond our most sanguine expectations, as regards the safety of handling, also the unprecedented force and power manifested by a skillful combination whereby the size of the Torpedo is lessened and the force many times multiplied and are now prepared to operate on wells with any of the above named explosives—either with our improved combination or our old Combination Torpedo, which has a record of utility too well known to need mention here.

8-lb. Nitro Glycerine, equal to 64 lbs. powder.....$150
16-lb. " " 128 lbs. powder..... 200
Combination equal to 100 lbs. powder..... 150
Improved combination, equ. to 150 lbs. powder..... 200
Double combination, equal to 200 to 1000 lbs. powder.....$200 to 300

CAUTION.—The public is cautioned against employing any but the regularly authorized agents of this Company, since their patent, according to the recent decision of the Commissioner of Patents for the United States, covers the use of the Torpedo and all other explosive materials for oil wells, and the use of such materials by other parties is a direct infringement of their rights, and we shall hold land or working interests to a strict accountability for such infringements.
